

Bed Mattress Protector

If you are experiencing a bed bug problem*, run a hotel, guest house or want a mattress protector that does more than a normal mattress cover then you may be interested in this new product from America it is a Bed Bug Mattress Protector. The USA has experienced severe bed bug problems for some years. This cover seals the bed bugs inside & prevents any 'new' bed bugs getting onto or in the mattress. As over 80% of the bed bugs live in & on the mattress the cover has an immediate effect of reducing the infestation as soon as it is fitted. After an insecticide treatment the cover reduces or eliminates the likelihood of getting bitten during the 2 week period the bed bugs take to die out. It is also Machine washable (hot) & can be tumble dried.. As well as bed bugs the mattress cover protects against:

- Allergy Protection
- Bed Wetting
- Dust Mites

If you would like more information about the product or to make an order then do not hesitate to contact us.
